

BUTTERFLY VALVES & CONTROLS INC.

671 Industrial Blvd, Grapevine, Texas 76051
817-421-4353

SERVING THE INDUSTRY SINCE 1995

COMPANY PROFILE

BVC offers an extensive Grapevine inventory of most products including Resilient Seated Butterfly Valves, 1.5" through 36.0", Teflon Seated Butterfly Valves 1.5" through 24.0", High Performance Butterfly Valves 2.5" through 12.0", AWWA Butterfly Valves 3.0" through 36.0", Pneumatic Rack and Pinion Actuators through 50,000 in lbs, Electric Rotary Actuators through 30,000 in lbs, Automated Resilient Seated Butterfly Valves and Automated High Performance Butterfly Valves Assemblies. All of these, as well as additional sizes and styles are available from the factory and are available for drop shipment to your domestic or international customers.

BVC offers off-the-shelf assemblies in 1 day. We also offer custom assemblies to 48". Assemblies available are pneumatic, electric (Single or 3 phase), electro-hydraulic and custom. Machine shop modifications / repairs are available. BVC offers cycle and hydro-test in-house.

Butterfly Valves and Controls Inc. has been the Exclusive Agent and Master Stocking Distributor for Value Valves - Taiwan since 1999, and have over the years grown to respect the excellent quality and workmanship they offer. Communication on sales and service is superior, offering the customer responsive lead times and project quotations.

We are dedicated to exclusively serving the Distributor, the Reseller, and the Qualified O.E.M, keeping our overhead low, our expertise high, and our service superior, thus making our product offering technically attractive and very competitive to our partners.
